# Doing business in Australia

22 September 2011

**Australia is the only OECD country to make it through the 2008/09 global financial crisis without slipping into a recession.**

With the country's well-established business framework and GDP forecast to reach 3.5% in 2012, Australia is an attractive business destination.

To find out more, join us for the **i advisory Seminar Series: Doing Business in Australia** for the latest market trends and insights on how to venture successfully into Australia.

Register by **20 September 2011, Tuesday**.  
Seats are limited and on a first come, first served basis.
