### **About Corporate INTL Awards:**

The awards commemorate those who have been successful over the past 12 months and who have shown excellence not only in expertise but in service. For all our awards we have undertaken detailed research via our independent research and editorial teams. We then create a shortlist of up to 5 potential winners in each category.

The shortlisted parties have been carefully scrutinised. We focus on service type, service range, business type, geographical location, how the business operates and the expertise each team can offer to companies that either trade or may want to trade in their chosen jurisdiction. The shortlisted firms are then reviewed by an independent awards panel in each country with the eventual winners chosen by that independent panel.

Our awards therefore promote leading firms in their chosen specialisms throughout the world. As Corporate INTL magazine is read by business leaders, investors and advisers globally it is a huge accolade for those firms that are awarded as winners in their specific categories.

### **About Nexia TS:**

Nexia TS was founded in 1993 by two experienced chartered accountants – Henry Tan and Sitoh Yih Pin. After working as managers for one of the international accounting firms, they saw a vision and an opportunity to establish their own organisation – not any accounting firm – but one which is unique in their personalised and well-qualified expertise.

To date, Nexia TS is recognised as an established mid-tier local accounting firm. We have grown significantly in size over the years. Being an independent member firm of Nexia International, we are affiliated to accounting firms in many parts of the world. This means that our clients will get to enjoy personalised, comprehensive and quality services at competitive rates in Singapore and globally. Our reputation for quality has been recognised by clients and accounting professionals. As testimony to this, we are among the first few local accounting firms to be accredited by the Institute of Chartered Accountants in Australia to provide supervision of professionals undergoing traineeship to qualify as Chartered Accountants.

Headquartered in Singapore, Nexia TS has established a strong presence in various countries across the region. Nexia China is a one-stop centre providing advisory services for foreign-invested enterprises in China. NTS Malaysia and NTS Myanmar provide a full suite of corporate advisory services for our clientele with operations and new foreign investments in the respective countries. Nexia International is an international network of accounting and consulting firms with origins going back to 1971, making Nexia International one of the longest established networks. Currently, with more than 24,000 professional staff serving our clients at over 570 offices in 110 countries, it is ranked as the top 10 largest international accounting and consulting network.
