Nexia TS ranked Top 10 in Singapore's 30 Largest Accounting Firms 2015 Ranking by Singapore Business Review

Nexia TS is pleased to announce that the firm continues to be ranked among the Top 10 firms in the Singapore's 30 Largest Accounting Firms 2015 Ranking, published in January 2016 by Singapore Business Review, a leading business to business publisher based in Singapore. Over the years, the firm had grown steadily from strength to strength with its excellent track record, partnering its clients in their business journeys.

In its early days in 1993, the firm was one of the small number of pioneer firms which offered IPO consultancy and advisory services for local SMEs. From a two-man firm founded by Henry Tan and Sitoh Yih Pin, it grew steadily in numbers as well as in reputation. In 2000, the firm joined Nexia International, one of the world's largest networks of independent accounting and consulting firms.

The firm entered into a strategic partnership with Smith & Williamson, Nexia International's largest member firm in 2008 as its major shareholder, resulting in a synergistic partnership through its resource and knowledge-sharing initiatives.

"We started with a humble beginning in the early days and today, we are consistently ranked within the top ten largest accounting firms in Singapore. I have to say that this was not an easy feat, and everything was made possible through the dedication of our people, the external boosters through strategic partnerships and the confidence our clients have in us for always listening, thinking and growing with them through their business journeys."

Henry Tan, Managing Director, Nexia TS

The firm's China accounting network, Nexia China, spearheaded by Co-Founder and Managing Director, Henry Tan, provides a one-stop shop encompassing a comprehensive range of business services for corporate expansion into China. With its national office in Shanghai at Nexia TS (Shanghai) Co., Ltd which is managed by Nexia TS Singapore, Nexia China is in charge of all the Nexia member firms in Beijing, Shanghai, Chengdu and Guangzhou, and is also responsible for Nexia's expansion into China. The establishment of NTS Malaysia and NTS Myanmar in 2014 expanded the firm's regional footprint in South East Asia, providing a full suite of corporate advisory services for businesses with operations and new foreign investments in the respective countries.

About Nexia TS:

Nexia TS was founded in 1993 by two experienced chartered accountants – Henry Tan and Sitoh Yih Pin. After working as managers for one of the international accounting firms, they saw a vision and an opportunity to establish their own organisation – not any accounting firm – but one which is unique in their personalised and well-qualified expertise.

To date, Nexia TS is recognised as an established mid-tier local accounting firm. We have grown significantly in size over the years. Being an independent member firm of Nexia International, we are affiliated to accounting firms in many parts of the world. This means that our clients will get to enjoy personalised, comprehensive and quality services at competitive rates in Singapore and globally. Our reputation for quality has been recognised by clients and accounting professionals. As testimony to this, we are among the first few local accounting firms to be accredited by the Institute of Chartered Accountants in Australia to provide supervision of professionals undergoing traineeship to qualify as Chartered Accountants.

Headquartered in Singapore, Nexia TS has established a strong presence in various countries across the region. Nexia China is a one-stop centre providing advisory services for foreign-invested enterprises in China. NTS Malaysia and NTS Myanmar provide a full suite of corporate advisory services for our clientele with operations and new foreign investments in the respective countries. Nexia International is an international network of accounting and consulting firms with origins going back to 1971, making Nexia International one of the longest established networks. Currently, with more than 24,000 professional staff serving our clients at over 570 offices in 110 countries, it is ranked as the top 10 largest international accounting and consulting network.
