Singapore, 18 September 2017 – The firm spent a meaningful day of fun and games on 8 September with children from a number of social welfare organisations the firm had supported for its annual CSR event, Nexia CSR Day. The day started off with an educational Singapore Maritime Trail in the morning where both staff and children went on a field trip to visit historical maritime sites which opened the eyes of both students and adults alike to Singapore’s rich maritime heritage.

Next, the beneficiaries bonded with staff through an afternoon of team games and lunch – reserved smiles turned into laughter, and strangers into friends. The CSR program was concluded by a mini prize presentation ceremony and at the end of the day, each child brought back a goody bag packed with useful educational items and as well as happy memories from an exciting day out.

Nexia CSR Day was also a part of Nexia Day 2017 celebrations, a global branding campaign spearheaded by the firm's accounting network, Nexia International.

"Nexia TS continues to play a part in improving the communities we operate in. This year, in conjunction with Nexia Day 2017, we spent a meaningful and exciting day with underprivileged children from a good number of social welfare organisations. As a Company of Good, our vision for the future would be to see Nexia Citizens stepping up and be actively involved in community work, be it giving back to the community or in other social causes they believe in. I encourage everyone to find time to give back to the community and collectively, we can do our part to make this world a better place. Keep up the spirit!"

Henry Tan, Managing Director, Nexia TS

Nexia TS Corporate Social Responsibility (CSR) Key Focus - Community Welfare:

As a professional firm, Nexia TS not only has the responsibility to train staff members in the aspects of technical and professional skills but at the same time instill the values of being socially-responsible individuals by looking beyond themselves. Through various CSR initiatives to encourage staff members to be more actively involved in community projects, the firm hopes that its CSR-centred culture will extend its influence to those around them, especially to their family members and friends.

About Nexia TS:

Nexia TS was founded in 1993 by two experienced chartered accountants – Henry Tan and Sitoh Yih Pin. After working as managers for one of the international accounting firms, they saw a vision and an opportunity to establish their own organisation – not any accounting firm – but one which is unique in their personalised and well-qualified expertise.

To date, Nexia TS is recognised as an established mid-tier local accounting firm. We have grown significantly in size over the years. Being an independent member firm of Nexia International, we are affiliated to accounting firms in many parts of the world. This means that our clients will get to enjoy personalised, comprehensive and quality services at competitive rates in Singapore and globally. Our reputation for quality has been recognised by clients and accounting professionals. As testimony to this, we are among the first few local accounting firms to be accredited by the Institute of Chartered Accountants in Australia to provide supervision of professionals undergoing traineeship to qualify as Chartered Accountants. Headquartered in Singapore, Nexia TS has established a strong presence in various countries across the region. Nexia China is a one-stop centre providing advisory services for foreign-invested enterprises in China. NTS Malaysia and NTS Myanmar provide a full suite of corporate advisory services for our clientele with operations and new foreign investments in the respective countries.

Nexia International is an international network of accounting and consulting firms with origins going back to 1971, making Nexia International one of the longest established networks. Currently, with more than 28,000 staff serving our clients at over 650 offices in 115 countries, it is ranked as the top 10 largest international accounting and consulting network.
