

## News Release

# Nexia TS Conferred the 2<sup>nd</sup> Biennial Business Eminence Awards 2019 by Dun & Bradstreet Singapore

**Singapore, 22 March 2019** – Nexia TS is delighted to announce the conferment of the Business Eminence Awards 2019 by Dun & Bradstreet Singapore at the award ceremony dinner on 14 March. For the second time since the launch of this award in 2017, the firm is again recognised for its consistent performance in achieving business excellence.

The biennial award adopts a proprietary financial model to assess and select the best performing businesses based on financial performance in the areas of business growth, profitability and other key qualitative indicators including corporate governance and corporate social responsibility. Importantly, the awardees have achieved profitability over the last two years as one of the main assessment criteria.

*“We are delighted to receive this award for the second time as it endorses the firm’s ability to achieve business eminence in creating value for our clients. Gone are the days when a one-size-fits-all approach works in today’s context. Instead, we embark on continuous innovation to uberise our professional services and rethink of better ways to personalise and fit into the business ecosystem to serve the diversifying needs of our customers.”*

**Henry Tan, Group CEO & Chief Innovation Officer, Nexia TS**

**About Dun & Bradstreet Business Eminence Awards:**

The Business Eminence Awards is an initiative by Dun & Bradstreet Singapore to celebrate the nation's vibrant tradition of entrepreneurship, recognize and showcase the achievements of Small and Medium-sized Enterprises (SMEs) that are the critical cogs in shaping the business landscape in Singapore over the past year. First started by Dun & Bradstreet India in 1997, the Business Eminence Awards has provided a platform to celebrate the success stories of the key movers and shakers in the local business community from across all industry verticals. Adopting the best-in-class and globally-recognized methodologies, this award uses a proprietary financial model to assess and select the best performing business and helps raise the international profile of both promising and established enterprises of Singapore.

### **About Nexia TS:**

Nexia TS was founded in 1993 by two experienced chartered accountants – Henry Tan and Sitoh Yih Pin. After working as managers for one of the international accounting firms, they saw a vision and an opportunity to establish their own organisation – not any accounting firm – but one which is unique in their personalised and well-qualified expertise.

To date, Nexia TS is recognised as an established mid-tier local accounting firm. We have grown significantly in size over the years. Being an independent member firm of Nexia International, we are affiliated to accounting firms in many parts of the world. This means that our clients will get to enjoy personalised, comprehensive and quality services at competitive rates in Singapore and globally. Our reputation for quality has been recognised by clients and accounting professionals. As testimony to this, we are among the first few local accounting firms to be accredited by the Institute of Chartered Accountants in Australia to provide supervision of professionals undergoing traineeship to qualify as Chartered Accountants.

Headquartered in Singapore, Nexia TS has established a strong presence in various countries across the region. Nexia China is a one-stop centre providing advisory services for foreign-invested enterprises in China. NTS Malaysia and NTS Myanmar provide a full suite of corporate advisory services for our clientele with operations and new foreign investments in the respective countries. Nexia International is an international network of accounting and consulting firms with origins going back to 1971, making Nexia International one of the longest established networks. Currently, with 30,750 staff serving our clients at 667 offices in 115 countries, it is ranked as the top 10 largest international accounting and consulting network.
